# Exclusive Savings on Surface Hub 2S

**For a limited time, Microsoft Corporation and Minburn Technology Group are offering up to a 15% discount on Surface Hub 2S 50" and 85"**

- Surface Hub 2S is the most innovative collaboration and meetings room device with premium hardware features, design and quality that surface is known for.
- Late this Fall, Surface Hub 2S will join the Microsoft Teams Rooms family, becoming the first touch-enabled board running Teams Rooms on Windows. This collaboration upgrade enables persistent chat, remote management and Whiteboard addons that enable customer, patient, and student information sharing.
- Hospitals, Casinos, and Schools can leverage this device for Conference Rooms, Patient data display, Presentations, and Trainings.
